

November 1, 2022

Dear Bell Acres Borough Resident,

We again extend a warm welcome to all Bell Acres residents. We are pleased to provide pricing for the 2023 service year.

Pricing for curb service include weekly solid waste collection and recycling collection every other week. Valley Waste will provide service to each resident in the borough. The pricing includes a 95-Gallon Solid Waste and Recycling Cart. Seniors will receive 65-gallon carts.

If you currently do not have a Valley Waste cart the service levels will be the same as you have had with us, 3 cans. Each resident will be responsible for his own trash and recycling receptacles. Recycling containers must be clearly marked as recycling. We will not accept recycling in bags.

If you currently do not have and would like a cart you must call Valley Waste office (724) 843-9373 to schedule delivery of your carts.

Below is 2023 pricing:

	Regular	Seniors
2023	\$28.00/mo.	\$26.50/mo. (65 gallon)

*Pricing includes carts

Households owned or leased by residents 65 years of age or older are eligible for a discount on the carts. Senior Citizens will be provided with 65 gallon carts for ease of handling. If you have already submitted your proof of age, you are good to go, and no other action is needed.

Your residential and recycling pick up calendar will be sent out. Our goal remains to provide you with exemplary trash and recycling services for years to come.

Very truly yours,
VALLEY WASTE SERVICE, INC.

Douglas Vogel
Vice President
