

The PE endorsement includes the installation and abandonment activities for this project. The PE endorsement does not include any requalification or uprate activities for the project. Requalification or uprate activities and buffer zone documentation related to the project will be endorsed later under a separate seal.

Base mapping provided by 3rd party Engineering Firm. The facilities shown on the plan must be field verified and their location is not part of the PE Seal. Utilize 811 and exposures when paralleling and crossing facilities.
